

Emily Grace Pendleton
The Mortensen Lab, University of Georgia
Emily.Pendleton25@uga.edu

Education **Doctoral Candidate** in Neuroscience, Expected Graduation: August, 2021
University of Georgia, Athens, GA

Master of Science in Biology; August, 2015
Bowling Green State University, Bowling Green, OH

Bachelor of Science, Biology; May 2012, *Cum Laude*
Bowling Green State University, Bowling Green, OH
Minors in Chemistry and Spanish
Honors: University Honors, Biological Honors

Research Experience **University of Georgia, Athens, GA**
PhD Researcher, 2015 - present

- Doctoral research advisor Dr. Luke Mortensen
- Investigating therapeutic application of stem cell therapy for bone disease
- Improvement of bone imaging techniques using two-photon microscopy

Bowling Green State University, Bowling Green, OH

MS Researcher, August, 2013 – August, 2015

- Proposed and Executed experiment: The Effect of Curcumin and Tetrahydrocurcumin in Combination with 5-Fluorouracil on Esophageal Cancer Cell Lines under the direction of Dr. Roudabeh Jamasbi

BS Researcher, August, 2010 – May, 2012

- Initiated and completed experiment: Understanding the Role of Serotonin in the Behavioral Repertoire of Crayfish under the direction of Dr. Paul Moore

Work Experience **Cleveland Clinic, Cleveland, OH**, June, 2012- August, 2013

- Lab Assistant in Pathology and Laboratory Medicine Institute: Cytogenetics Laboratory
- Lab Technician in Pathology and Laboratory Medicine Institute: Molecular Microbiology Laboratory

Honors and Awards

- Dean's List, Bowling Green State University, 2008-2012
- Phi Beta Kappa, member since 2012
- University of Georgia Department of Neuroscience Travel Award, 2017-2018
- The OSA Foundation Siegman International School on Lasers Travel Award, 2017

- NSF Research Experience for Undergraduates Excellence in Mentorship Award, 2018

Leadership Experience

University of Georgia

Undergraduate Mentor, January 2016 - present

- Provided daily training and guidance to undergraduate researchers
- Developed and managed individual projects of 8 students
- Undergraduate trainees received independent research grants, selected to partake in NIH training workshops and presented at national conferences

Cell Manufacturing Technologies Industry Chair, August 2018 - present

- Plan and foster professional development and workforce readiness events
- Identify internship and employment opportunities for fellow graduate students

Teaching Experience

Bowling Green State University

Graduate Teaching Assistant, August 2013 – August 2015

- Lead human anatomy laboratory twice a week for 60 students
- Instructed both lecture based learning and hands-on experiences
- Developed lesson plans and examination strategies to evaluate learning

Science Peer Tutor, January, 2010 – May 2012

- Tutored undergraduates in sciences individually and in a small group settings on a weekly basis

Skills

- Microscopy, sample preparation and imaging: two-photon microscopy, scanning electron microscopy and transmission electron microscopy
- Lab: cell culture, DNA extraction and PCR, mRNA extraction and RT-qPCR, primary cell harvest and culture, animal husbandry, colony management, retro-orbital injections, in-vivo longitudinal imaging
- Computer: Proficient in Microsoft Office, EndNote, Matlab, JMP and ImageJ; familiar with Python
- Language: Efficient in Spanish

Outreach

- Young Dawgs mentor, University of Georgia, 2015
- NSF Research Experience for Undergraduates mentor, 2016 & 2018
- Georgia Science and Engineering Fair judge, 2016
- Georgia Intern-Fellowship for Teachers mentor, 2018
